

107 Hibiscus

Technique is Pulled Thread

Kit cost is \$28.00

Student Level: Basic-intermediate

Teacher: *Diana Snyder*

A single hibiscus blossom on a “lace like” background creates a sampler of pulled thread embroidery. The families of the satin, wave, faggot, back, and four-sided stitches with composites of each are introduced. Students are encouraged to try different tensions and use colored threads if desired. Instructions for a pillow will be included: however the project would also be a nice tray insert or wall hanging. Examples of other pulled thread pieces on different fabrics will be discussed in class. Ground material is 14 inch square of 28 or 32 ct. linen.
